

Your C-Store Construction Specialists

Serving the Southeast Since 1948

BRUNSON-CONSTRUCTION.COM

MEET OUR LEADERSHIP TEAM

WALLIE HIERS | President

Since joining the family business in 1986, Wallie has successfully managed all phases of commercial and industrial design-build and competitive bid projects, including corporate, new construction, healthcare facilities, retail projects, manufacturing plants, education and industrial projects, custom-built homes, dry-cleaning facilities and projects requiring extensive coordination with MEP trades, owners and design teams. As President, Wallie's duties include project management, scheduling and quality control, management of all contractual obligations, and ensuring the successful completion of each phase of the project.

GREGG BRUNSON | Senior VP

After graduating from The Citadel in 1998, Gregg joined the family business as a safety coordinator and junior project manager within the company's roofing division. In 2004, Gregg began managing all phases of vertical construction projects, including owner/client engagement, facilitating design/build concepts, estimating, contractual negotiations, on-site project management, and project closeout. Today, Gregg serves as Senior Vice President and Director of Business Development, overseeing acquisition of new projects, leading clients through the design/build process, development of budget proposals, and contract negotiations.

CHASE HIERS | Vice President

Since joining the family business in 2015, Chase has successfully managed all phases of commercial and industrial design-build and competitive bid projects. As assistant estimator and project manager, he has provided a full range of management projects for corporate, new construction, retail projects, manufacturing plants, industrial projects, mini-warehouse facilities, convenience stores and projects requiring extensive coordination with MEP trades, owners and design teams. As Vice President, Chase's duties include senior project management, scheduling and quality control, and project estimating.

Our mission is to cultivate enduring relationships through trust, transparency, and mutual respect, while delivering uncompromised quality in every endeavor. We are committed to leveraging our core competencies to create meaningful value, exceed expectations, and drive sustainable success for our clients, partners, and communities.

TRUSTED BY LEADING REGIONAL BRANDS

We build trust through enduring relationships.

At Brunson, trust isn't just earned through performance — it's cultivated through enduring relationships among our clients, subcontractors, suppliers and team members. You'll work with a responsive, transparent team that listens, communicates proactively, and makes decisions quickly. From budgeting to leadership access, our approach is honest, flexible, and built around making your job easier.

Happy clients. Happy employees.

Our clients and our employees stick around. Over 90% of our business comes from repeat customers, and 12 of our team members have been with us for over 20 years.

Accessible, involved leadership.

Brunson's owners are actively engaged in your project, from planning to completion. Everyone has direct access to our ownership team — no bureaucracy.

Obsessed with client satisfaction.

We have a dedicated Client Satisfaction Team that meets directly with owners and project managers to ensure the overall success of each project.

Proven experience since 1948.

We have over 75 years of construction experience and building relationships with clients, subcontractors, suppliers and municipalities.

From scheduling to quality control, we're in your corner.

We don't just show up to bid. We show up to problem-solve and support your role every day, working alongside you with open communication, quick leadership response, and a flexible, no-drama approach.

Trusted convenience store specialists.

With decades of experience, Brunson handles every aspect of convenience store construction — from site work to finishing — with in-house crews, precise scheduling, and hands-on leadership, delivering stores on time, on budget, and ready to operate.

Self-performing teams. Exceptional results.

Our in-house specialists perform all of our foundation, floor slab, concrete paving, and more. That means fewer subcontractor delays and more control over finish quality and project timelines.

Detail-driven finishing crew.

From interior touches to exterior details, our dedicated finishing crew brings every project across the finish line with excellence. Their work guarantees a polished, ready-to-use building that meets the highest functional and aesthetic standards.

We deliver uncompromised quality, start to finish.

We provide a complete turn-key service with experienced in-house construction specialists across all aspects of convenience store construction, including site work, fuel equipment installation, building construction, car wash construction, and more.

“Their project managers and job superintendents are diligent, anticipate challenges and potential logjams, and keep the construction on schedule or ahead, if possible.”

Fred Whittle

Construction Manager, Bluewater

“Brunson delivered the facility on budget, on time and at a finished level that exceeded my expectations.”

James Bradshaw

President, The Bradshaw Group

“I’ve worked with Brunson repeatedly on projects throughout the past 8 years. They’re always very consistent. They have a consistent subgroup and they’re reliable to the nth degree.”

Brian Price

Construction Manager, Spinx

Brunson is Built for C-Stores

We combine unparalleled convenience store experience, a relationship-first culture, and an unwavering commitment to quality to simplify the build — so you can focus on opening the doors.

- Over 75 years building and renovating convenience stores across South Carolina and Georgia
- Experience with regional chains and single-site developers
- Proven in ground-up builds, remodels, and multi-site rollouts
- Experienced in fuel equipment systems, car wash integrations, and food service layouts

Our Approach

- Self-performing capabilities & dedicated finishing crews
- Direct access to leadership — no bureaucracy
- Strong relationships with reliable and experienced subcontractors + coordination of specialty contractors
- Proactive scheduling, transparent reporting & close communication

Your Outcome

- Faster mobilization
- Fewer delays
- Fewer punch list issues
- No surprises
- Fewer headaches
- Quicker completions
